ATTENTION

To all my valued customers, Please insure that all orders are forwarded to warehouse staff and that the materials are 'ready' to be collected at the designated time of trucks arrival. To ensure that all jobs booked for the day get delivered, HDS will be adding a 'waiting' charge for all deliveries not 'ready' to be picked up.

WAITING FEE:

After 20 min., there will be a \$40 wait time charge added.

After 40 min., there will be an \$80 wait charge added.

If HDS arrives at a location and no supplies are ready to be picked up, there will be an added charge of \$40 for NO PICK UP fee.

ON SITE: All job sites must be safe for HDS employees to work in and around upon arrival. If a site is disorganized or improper access to site occurs, directly impeding us from moving efficiently and safely, there will be additional charges applied to invoice.

DELIVERY:

We offer same day delivery. We cannot accommodate exact times due to unpredictability such as travel, weather, driving conditions, load and unload times.

We also ask that you contact your supplier (to make sure your product is ready to be picked by us, so as not to incur waiting charges).

We also ask that you have your customers make arrangements for us to have access to their homes if they cannot be present at time of delivery.

Please ensure that the address and contact information of customers are accurate as to avoid any complications or additional charges.

Delivery Charges Additional Info:

Load-Unload rates:

forklift on - hand-bomb off \$150 hr.

hand-bomb on - hand-bomb off \$150 hr.

Example: A lift of wood moldings/trim, etc. requiring actual hand-bombed (manually), will be subject to a rate of \$150 hr.

forklift on - forklift off \$100 hr.

Courier delivery business to business rate: \$100 hr.

RUSH (within 2 hrs): add \$50

DIRECT (1 hr): add \$100

CITY BOUNDARIES:

HDS operates throughout the following Edmonton areas:

In and around the Anthony Henday border.

Out of town deliveries: \$1.00/km. for each km. driven.

All orders requiring stairs, elevator and/or long distance hauling/walking will be .40sf.

TRAVEL: Should customers expect us to travel out of town or city outskirts where road conditions are sub- standard such as that of undeveloped backroads, and a tow truck is required, the tow charge will be added to the invoice.
